Cemetery Etiquette & Regulations

October 2026

**The most current Cemetery Etiquette & Regulations supersedes all previous versions.*

Our Mission Statement

Fairmount's Mission is to provide our community with preeminent resources to celebrate life.

Fairmount Cemetery is a sacred place committed to honoring the lives of those laid to rest within. We welcome and encourage visitors to enjoy the beauty and solace the cemetery provides. The etiquette and regulations listed here are designed to maintain this beauty for generations to come, and to ensure that the loved ones entrusted to our care remain honored here.

*No burials will take place during these observed holidays. When a holiday falls on a Saturday or Sunday, it is observed on either the preceding Friday or following Monday.

III. General Cemetery Regulations

a. *Fairmount Cemetery management will hereby further be referred to as "The Company" in this document.*
b. Cremation certificates, internment, and entombment rights are issued by the Company for human sepulture only.
c. The opening of a casket or urn on cemetery grounds is strictly prohibited.
d. The speed limit within the cemetery is 20 MPH. No visitors may drive or park on the grass. Any persons operating vehicles are responsible for damage done by them.
e. No littering. Trash receptacles are located throughout the cemetery.
f. Yield to all funeral processions and avoid all disruptions of services or burials.
g. Photography permits must be obtained from Fairmount for all photography and video recordings.
h. People wearing costumes, makeup, or clothing that does not adhere to Fairmount's mission will be asked to leave. All clothing should remain respectful.

i. Sale of plants and flowers not provided by Fairmount or its designee is prohibited on Cemetery grounds.
j. Metal cans and glass of all kinds are not permitted on gravesites.
k. The Cemetery reserves the right to decline to give out information regarding any of our deceased to anyone other than those in direct relation to the deceased. We reserve the right to request verification of the relation to the deceased.
l. Pets must always be kept on a leash or in a carrier. Clean up after your pet and dispose of any waste in a trash receptacle. Visitors violating these regulations may be asked to leave the property and be cited by Animal Control.
m. Artificial flowers are allowed inside a plastic, zinc, bronze, or granite vase from October 15th through March 31st each year. Artificial flowers stuck in the ground will be removed and discarded by the cemetery. Fresh flowers should be used the remainder of the year.
n. Additional items at the gravesite beyond approved flowers are not allowed and will be removed by the cemetery. Statues, candles, articles of clothing, sports memorabilia banners, sports equipment, along with other picture banners, are also not permitted.
o. No borders (i.e. fencing) of any kind are permitted on the grounds. If these items are spotted on the grounds, they will be removed by the cemetery.
p. Shepherd's hooks and metal plant hangers are not permitted on the grounds and will be removed by the cemetery if found.
q. Attaching photos to gravesites, niches, or crypt panels are not permitted and will be removed.
r. Temporary markers of any kind are not permitted in the cemetery. Please see specific marker guidelines for more detailed information.
s. Open flames and any form of burning are strictly prohibited. Unauthorized prohibited items including candle boxes, will be removed and disposed of by cemetery personnel.
t. Alcohol is permitted only through the booking of an event with Quebec Place or the Fairmount Funeral Home and must be approved. Otherwise, alcohol is not permitted on Cemetery grounds or in facilities. No drug use of any kind is permitted on Fairmount Cemetery property.

IV. Sale & Transfer of Property

a. Property is considered sold when paid in full. Additional internments or the placement of monuments is not permitted unless the property and all current burial, inurnment, or entombment fees are paid.
b. Once property is paid in full, the Company will issue a certificate of internment, inurnment, or entombment rights to the purchaser within four months from the time the final payment is received.

c. No sale, transfer, lease, or assignment of property shall be valid without prior written consent of the Company.
d. All heirs must agree to the sale when selling inherited property.
e. The Company will provide necessary documentation to prove ownership. These must be completed to complete transfer of ownership.
f. Cemetery records will be changed to reflect the transfer of ownership.
g. The Company reserves the right to refuse the transfer of property if it is deemed ill-fitting with the character of the area of the cemetery. Please consult with the cemetery for questions.

V. Internment, Inurnment, or Entombment

a. Internment hours are Monday through Saturday from 9:00 AM to 3:00 PM. Overtime charges apply if entry to the cemetery is after 3:00 PM and on Saturdays. Committal service and dismissal must be completed by 3:30 PM.
    i. Internments occurring during November 1st through February 1st – committal service and dismissal must be completed by 3:00 PM.
    ii. Due to the heavy equipment and to ensure the safety of our team, Fairmount must complete the closing of the grave by 4:00 PM.
b. Please call prior to scheduling an internment with a family so we can check the internment schedule and ensure we have availability.
c. Lot owners may grant written permission for an individual or family member to use spaces, crypts, or niches in Fairmount.
d. All entombments require embalming and casketing.
e. An outer burial container is required on each ground burial for either casketed or cremated remains apart from our ossuaries and Highline Gardens. The vault must be made of steel or concrete capable of sustaining a static load of 3,500 pounds PSI.
f. A state-issued burial permit must be submitted at the time of interment.
g. A state-issued permit is required to exhume human remains from the cemetery.
h. The original person authorizing the burial is the only person who may remove remains from the cemetery without a court order. We reserve the right to request additional information as necessary.
i. Sunday services are only permitted in Emanuel Cemetery or in other areas with management approval.

VI. General Memorial Regulations

a. Temporary markers of any type may not be used in the cemetery.

b. All memorials must be approved by the Company prior to being ordered and placed.
c. All monumentation must be of granite or bronze except for U.S. Government Military white upright marble markers. All other marbles are prohibited.
d. Bronze may be used with above ground granite markers and statues.
e. Military markers are not permitted in the monolith areas.
f. Memorials must be set on a proper foundation with the construction and materials approved by the Company.
g. Memorials with a base must be steeled or polished on the top. The sides must be rock pitch. Steeled or polishes sides on a base are not permitted.
h. The lower 8 inches of Companion Monoliths must be rock pitch if they do not have a base.
i. Memorials purchased outside the Company are subject to an inspection fee to ensure they meet regulations.
j. Built-in flower vases made of granite may be set at a grave. One vase per gravesite is allowed. Vases must be set in front of the marker for single gravesites. Two vases are allowed at companion markers and may be placed with one on each side or both in front of the marker.
k. Only one marker may mark a grave.
l. Placing markers between graves is prohibited.
m. Bronze memorial vases are permitted between graves to mark the interment of cremated remains.
n. Benches, obelisks, and crosses may have height exceptions in designated areas.
o. Digging and grading on cemetery property by anyone other than Fairmount employees or their authorized representatives is prohibited without written permission from the Company. The outside installer assumes full responsibility. The Company requires a $1M liability policy with Fairmount named as additional insured to be presented to Fairmount and approved prior to work being done.

VII. Maintenance

a. Mowing and watering typically occur between April and October. Watering is subject to restriction by drought or circumstances outside of Fairmount's control.
b. Maintenance and care of improvements to the property is the responsibility of the family. This includes monumentation, mausoleums, vases, decorations, and plantings.
c. The Company shall not be liable for damages or loss caused by lot owners, visitors, vandals, or natural disasters.

VIII. Burial of Cremated Remains

a. Two sets of cremated remains may be placed in one gravesite in most blocks of the cemetery.
b. When two side-by-side graves are owned, two sets of cremated remains may be placed between graves in most blocks of the cemetery.
c. A second right of interment fee is required for interring cremated remains in all property purchased after January 1, 2010.
d. Scattering of cremated remains on cemetery property is prohibited. The cemetery does have an ossuary available in Highline Gardens. Certain restrictions apply.
e. Cremated remains placed in the community ossuary will be comingled with other human cremated remains and are irretrievable once placed.
f. Cremated remains buried underground in Highline Gardens are not retrievable unless they are buried in a burial vault.

XIX. Detailed Guidelines for Memorials

Memorialization Rules & Regulations – Effective October 1, 2026

Purpose and Effective Date:

Fairmount Cemetery and Riverside Cemetery are committed to maintaining a peaceful, respectful, appropriate, and welcoming environment for all families, visitors, and those entrusted in our care. To preserve the character and appearance of the Cemetery and to ensure that all forms of memorialization are appropriate for the Cemetery environment, the following revised Memorialization Rules and Regulations are effective as of October 1, 2026.

These revised Rules and Regulations establish the standards that apply to all forms of memorialization on Cemetery property, including, but not limited to, graveside memorials, monuments, headstones, plaques, vases, frames for vase pods, memorial walls, niches, crypts, benches, outer burial containers, photographs, cameos, likenesses, epitaphs, inscriptions, symbols, emblems, gestures, and other memorial elements.

Definition of Memorialization:

For the purpose of this document, "memorialization" means any permanent or temporary memorial, monument, marker, headstone, plaque, vase, granite frame for vase pod, memorial wall, niche, crypt, bench, outer burial container, inscription, epitaph, photograph, cameo, likeness, symbol, emblem, engraving, or other item, feature, or display placed, installed, displayed, or incorporated on Cemetery property for the purpose of commemorating, identifying, honoring, or memorializing an individual or individuals.

These rules and regulations shall apply to all forms of memorialization, regardless of the type of material, location, design, or method of installation. This includes memorial headstones, monuments, bronze or granite plaques, vases, granite frames for vase pods, memorial walls, niches, crypts, benches, outer burial containers, photographs, cameos, epitaphs, inscriptions, and other approved memorial features or installations.

Grandfathering of Existing Memorialization

Memorialization that was installed, placed, or approved prior to October 1, 2026, and that was permitted under the Cemetery's rules and practices in effect at the time of its approval, shall be permitted to remain in place and will not be required to be modified solely because it does not conform to these revised regulations.

The Cemetery recognizes that families made memorial selections based on the requirements and standards at the time of purchase and installation. This provision is intended to provide a clear and consistent transition from the previous standards to these revised standards.

However, any new memorialization, replacement memorial, alteration, addition, engraving, epitaph, inscription, photograph, cameo, likeness, emblem, symbol, or other modification made to existing memorialization on or after October 1, 2026, is subject to and must comply with these revised rules and regulations.

Memorialization Content and Approval

All proposed memorialization and memorial components are subject to review and approval by Fairmount Cemetery prior to fabrication, installation, engraving, placement, or display.

The Cemetery is committed to maintaining a welcoming environment for all families and visitors. Accordingly, all memorialization as defined in the 'Definition of Memorialization' above, shall be appropriate for the nature and character of a cemetery open to the general public.

The Cemetery reserves the right to reject proposed memorialization or any memorial component that, in the reasonable judgement of Cemetery Management, contains or depicts any of the following:

- Profane, vulgar, obscene, or sexually explicit language or imagery

- Threatening, intimidating, or violent language or imagery
- Imagery or language that promotes or glorifies violence or criminal activity
- Symbols, gestures, imagery, or other displays that reasonably identify, promote, glorify, or advocate criminal or gang-related activity
- Hateful, discriminatory, or demeaning language or imagery directed towards an identifiable individual or group
- Offensive or inappropriate gestures or imagery that are inconsistent with the peaceful and respectful character of the Cemetery
- Any copyrighted or trademarked emblem, logo, quotation, artwork, or other protected material must have appropriate permission or authorization from the copyright or trademark owner before it may be incorporated into any memorialization
- Other content that, in the reasonable judgement of Cemetery Management, is inconsistent with the appropriate and respectful nature of the Cemetery.

Photographs, Cameos, and Likenesses

Photographs, ceramic photographs, cameo portraits, etched or engraved photographs, laser-engraved images, artistic renderings, and any other depiction or likeness of an individual or individuals shall be considered a component of the memorialization and shall be subject to the same rules and regulations governing memorialization and other memorial content set forth herein.

Accordingly, the Cemetery reserves the right to reject any photograph, cameo, likeness, image, or other depiction that contains or portrays content that would not otherwise be permitted under these Rules and Regulations, including inappropriate or offensive gestures, symbols, language, imagery, or displays that are inconsistent with the peaceful, respectful, and appropriate character of the Cemetery.

The Cemetery's review shall be based upon the content and presentation of the proposed image or likeness and shall not constitute a determination regarding the character, affiliations, beliefs, or personal history of the deceased or their family.

All photographs, cameos, likenesses, and other memorial images submitted for installation, replacement, or addition after the effective date of these Rules and Regulations will be subject to the standards in effect at the time of submission.

Epitaphs and Inscriptions

Epitaphs, inscriptions, quotations, statements, names, dates, symbols, and other written or engraved content incorporated into any form of memorialization shall be subject to the same standards established by these Rules and Regulations.

The Cemetery reserves the right to reject an epitaph, inscription, quotation, statement, or other written content that contains language or material that would not otherwise be permitted under the Memorialization Content and Approval provisions of these Rules and Regulations.

Consistent Application

These Rules and Regulations shall be applied consistently and uniformly to all families, regardless of the identity, background, beliefs, affiliations, or circumstances of those involved.

The Cemetery's review of memorialization is not intended to judge, characterize, or diminish the life, accomplishments, relationships, beliefs, affiliations, or personal history of those involved. These standards are intended solely to establish consistent requirements for memorialization and to maintain a peaceful, respectful, appropriate, and welcoming environment for all families and visitors.

Management Authority

Fairmount Cemetery Management shall have the authority to interpret and administer these Rules and Regulations, and to determine whether proposed memorialization or any memorial component complies with the standards established herein.

Where proposed memorialization or a memorial component is questionable or does not clearly fall within an expressly identified category, Cemetery Management may consider the overall nature, appearance, context, and presentation of the proposed memorialization in determining whether it is appropriate for placement or display within the Cemetery.

All memorialization approvals are subject to the Rules and Regulations in effect on the date the memorialization or modification is submitted for approval.

Reservation of Rights

Fairmount Cemetery Reserves the right to amend, modify, or supplement these rules and regulations as necessary to protect the peaceful character, appearance, respectful environment, and long-term integrity of the Cemetery.

Any future amendments shall establish their own effective date and shall be administered in accordance with the provisions and transition requirements established at the time of adoption.
