Planning Guide 2026

Effective January 1, 2026

Thank you

We thank you for allowing us the opportunity to serve you during a difficult time. We are honoured to know that you place your trust in us to care for you and your family as you mourn the death of your loved one and commemorate the life they lived. We offer a safe and comforting home to you at a vulnerable and often confusing time. Our aim is to have you feel at home – not only in our funeral home, but also in the way we treat you, the services we offer to you, and the care we will provide.

Established a tradition of service and trust over four generations.

Who are we?

Rick and Denise Ludwig
have owned the funeral
home since 2004.

Kitching, Steepe & Ludwig Funeral Home first opened its doors in 1923, and we have established a tradition of service and trust over four generations. The funeral home is and has always been family-owned and operated. First opened by John Kitching, the funeral home was passed on to his son Mervyn, who carried on serving families until 1963. It was then that Ron and Eleanor Steepe purchased the funeral home and after many years of hard work expanding the business and facility in stride with the community needs, the Steepes decided in 2004 that the time had come to turn a new page.

The Ludwigs have carried on the tradition of service and care that has been established over the 100-year history of the funeral home. The staffing arrangements have expanded, with Greg Luxon joining the home in 2006, Garnet VanPopta in 2011, Diane Russell (Vanderwoude) in 2014 and Kayla Johnson (Ruggi) in 2022. Denise Baynton joined the funeral home in 2005 as Bereavement Counsellor.

Our Common Journey

“A funeral or memorial service allows for a time to reflect, and to say goodbye.”

THE DEATH OF A LOVED ONE

At some point, every family has to face the reality that life ends. Sometimes it is as the result of an illness, or after a long life, but sometimes it happens suddenly, with no time to prepare.

HEARING THE NEWS

When a death occurs, the immediate family has the task of letting other family members and friends know what has happened. This is often when the fact that a loved one has died begins to sink in.

FAMILY GATHERS

Often the family home becomes a busy place, as family members gather to make pressing decisions about what should be done next. Usually around this time the family meets with one of our funeral directors, either at the funeral home, or at the family’s home, to plan out the details of the funeral.

FRIENDS SUPPORT

As the word spreads, friends surround the family and offer support. People want to offer support by sending flowers or a card, calling, or dropping off a meal.

PUBLIC MOURNING

This is an opportunity for you to invite your community to join you in your grief, to offer support and to remember the deceased. Visitation hours provide a structured time for people to offer condolences to the family. A funeral or memorial service allows for a time to reflect, and to say goodbye. The tone of this service is often impacted by religious beliefs and worldviews held by the deceased and the family.

FINAL GOODBYE

At this point, we say goodbye to the body of our loved one, and begin to realize that life must go on without his or her physical presence.

PRIVATE GRIEVING

Grief does not end with the funeral. The grief a family experiences is very real and will last a long time. Often this is done in private, with close family and friends offering support. Many times we will begin to seek support from those who understand.

ADJUSTING TO CHANGE

Life must continue without the person who has died. Slowly a family adjusts to the absence of the deceased. Life changes but it does go on.

Are you thinking of Burial?

We would be honoured to assist you in arranging for burial, and in selecting cemetery property.

SOME FACTS ABOUT BURIAL:

The body is buried in a casket, and the casket may be placed in a concrete liner or a vault. The body can be buried shortly after death, after a visitation and/or funeral service, or before a memorial service. The body may be buried in the ground, or entombed in a mausoleum. Embalming is not required for burial, but may be recommended, depending on the visitation and funeral arrangements.

DO I NEED TO PURCHASE A VAULT?

Some cemeteries either require or recommend purchasing a vault or cemetery liner to enclose the casket in the ground. This offers protection from the weight of the earth, and in the case of sealing vaults, protection from the elements in the ground.

PLANNING AHEAD

We believe it is a good idea to select burial plots ahead of the time of need if possible. Selecting a final resting place for a loved one is an important decision that we can help you with. We have information available for all cemeteries in the area and can provide

Burial Arrangement Options

There are many service options to consider when burial is chosen, depending on your family's wishes for visitation, ceremony or celebration of life. The body may be buried after a visitation and/or service, before a memorial service, or shortly after death.

you with comparisons so that you can make a decision that fits both your wishes and your budget. Please give us a call or send us an email if you would like any information about cemeteries in your area. In addition we can help you with designing and installing a fitting tribute in the way of a memorial monument or marker.

WHAT MEMENTOS OR PERSONAL ITEMS CAN BE PLACED IN A CASKET PRIOR TO BURIAL?

Any personal items can be placed in the casket, like notes or photos, which can be a helpful way to say goodbye. We will ask you whether any jewelry or mementos placed with your loved one during the visitation should be left with the person, or returned to the family. If desired, we can donate eyeglasses to charity.

ARE KEEPSAKES FOR CREMATION ONLY?

Some people find it helpful to have a part of their loved one to keep with them, as a special way to remember them. This is possible if you choose burial as well as cremation. Instead of cremated remains, a lock of hair can be enclosed for safekeeping, or a special note or photo. We have jewelry options that can incorporate your loved one's fingerprint or lockets that will hold an important photo. Ask one of us to tell you about the many options available.

Casket Selection

The two main purposes of a casket are to provide the primary protection of the deceased in burial, and to act as a focal point during the services. Therefore, choosing the right casket for yourself or a loved one is a very personal decision.

The value, selection and cost of caskets are affected by a number of factors such as materials of construction, design details and personalization features. Basically there are two types of caskets – metal and wood.

WOOD

Wood caskets can either be of solid construction, or made of select wood veneers. Most people who choose a wood casket do so because of the warmth and beauty of the wood. In fact, no two wood caskets are identical, since the graining patterns are unique to each one.

METAL

Those who choose metal caskets typically value the protective qualities they offer, as well as the various colours, styles and ornamentation options available.

Natural Burial

A natural burial is an alternative to traditional burial, allowing the body to return to the earth as naturally as possible. The natural burial section at Mt. Hamilton Cemetery offers a special area where this is possible, while also maintaining a natural ecosystem. The area's habitat and ecosystem will be enhanced over time.

BURIAL

The natural burial section will allow a simple wood or wicker casket without any metal or chemical finishes to be used. The body must be embalmed with plant based embalming fluids, or unembalmed. The gravesite will be unmarked, and a common memorial will be offered.

CREMATION

The natural burial section allows the burial of a biodegradable urn, or scattering of the cremated remains. The gravesite or scattering area will be unmarked, and a common memorial will be offered.

Receptions

Food has always been a major part of any life event, and a funeral is no different. Allow us to take the hassle out of organizing a reception by having us host it for you in our Family Centre. We'll provide the coffee, tea and cold drinks, as well as all the china and dishes.

We're willing to work with any caterer, and we can offer suggested caterers as well.

The Family Centre is located just down the hallway from the Chapel, and both rooms are on the same level. It is bright and spacious, and in the warmer months our large outdoor space can also be enjoyed.

Are you thinking of Cremation?

We would be honoured to assist you in arranging for cremation. We wish to share some information about cremation with you.

THE CREMATION PROCESS

Cremation involves reducing the body to bone fragments by applying intense heat (approximately 1000 degrees Celsius) for a period of two to three hours. The cremated remains, which are commonly referred to as ashes, are removed from the cremation chamber, and any metal objects are removed. The cremated remains are then processed, so that they are of an equal consistency. They will often appear white or grey in colour, and typically weigh between 1 to 2 kilograms.

WHAT MEMENTOS OR PERSONAL ITEMS CAN BE PLACED IN A CASKET PRIOR TO CREMATION?

Any personal items can be placed in the casket, like notes or photos, which can be a helpful way to say goodbye. Since most items will be destroyed as part of the cremation process, we suggest that jewelry be removed and placed inside the urn with the cremated remains after the cremation has taken place.

WHAT FUNERAL SERVICES CAN BE SELECTED IF CREMATION IS CHOSEN?

Cremation does not limit the funeral services that may be chosen. The same options available with earth burial are

available with cremation. Some of these choices include the type of casket, having on open casket viewing or visitation, location of service, and type of funeral or memorial service. Ask one of us if you have any questions about this.

OUR CREMATORIUM

We will arrange cremation with any crematorium, but we suggest Southwest Crematorium, located on the grounds of the Milton Evergreen Cemetery. We, along with many other family-owned funeral homes, are part owners of the Southwest Group of Crematoriums, with locations across southwestern Ontario, and we feel that Southwest can best serve the needs of your

family. The crematorium is located in a beautiful building which has a chapel that can set up to 30 people for a ceremony.

ATTENDING THE CREMATION

We are used to being present for the burial of a loved one, but have you considered attending the cremation? Some families find it beneficial to accompany us to the crematorium, and to have a goodbye ceremony in the Southwest Crematorium Chapel, as a way of seeing the process through. If desired, you may even witness the beginning of the cremation process in a respectful manner. The drive from Waterdown to Milton is a beautiful one that takes us through the countryside north of Burlington. Many families have appreciated accompanying their loved one for a final journey. Ask your funeral director about how this might work for your family.

“...we suggest Southwest Crematorium, located on the grounds of the Milton Evergreen Cemetery.”

Cremation Arrangement Options

Families choosing cremation have many service options available to them. One important decision to make is whether the cremation will take place before or after a visitation, service or celebration of life. When cremation takes place after services, the body is placed in a casket (purchased or rented), and following the visitation and/or service, is brought to the crematorium. When cremation takes place prior to visitation or service, the body is brought for cremation soon after the death takes place, and an urn is present for visitation, service or celebration of life.

A) VISITATION AND SERVICE ON TWO SEPARATE DAYS

Cremation to Follow	\$6,970
Cremation First	\$6,395

Holding a Visitation and Service allows for you to invite your community to support you in a difficult time. This option allows you plenty of time for friends and relatives to gather. The visitation and service may be held at our facility or place of worship of your choice.

B) VISITATION AND SERVICE ON ONE DAY

Cremation to Follow	\$5,445
Cremation First	\$4,840

Sometimes it may make more sense to hold a Visitation and Service on one day, with the visitation leading into the service time. Or you may wish to simply have a service, with no visitation time, or to have a visitation with no formal service. This event may be held at our funeral home or a facility or place of worship of your choice.

C) CELEBRATION OF LIFE GATHERING – FAMILY CENTRE.....\$4,665

The Family Centre is the ideal location to host an “open house” with the added comfort of favourite foods and beverages. The option of sharing photos, memorabilia, music and tributes is available, either in an informal and spontaneous setting or at a specific time set aside for eulogies.

D) PRIVATE FAMILY GOODBYE – FOLLOWED BY CREMATION\$3,250

It is always helpful to allow time for your family to say goodbye. This includes a small gathering for immediate family at the funeral home, prior to cremation.

E) CREMATION WITH GRAVESIDE SERVICE\$2,710

For those wishing to have a graveside service following cremation, where a ceremony is held when the urn is placed in the ground, or in a columbarium niche, or the cremated remains are scattered.

F) SIMPLY CREMATION.....\$2,340

For those wishing no public or private ceremony, this option includes basic professional services to facilitate cremation.

Celebration of Life

When the burial or cremation is a private family ceremony, a Celebration of Life Reception gives the opportunity for friends and loved ones to gather with the family at a convenient time to share memories and stories and celebrate the life that was lived.

The Family Centre is the ideal location to host an “open house” with the added comfort of favourite foods and beverages (LCBO licensing available). The option of sharing photos, memorabilia, music and tributes is available, either in an informal and spontaneous setting or at a specific time set aside for eulogies.

Cremation Containers and Caskets

Cremation containers differ from caskets in their function as they are not intended for the long term care of the deceased, but serve their function during the funeral ceremony only. As a result there are a number of modest cremation containers available to be used when the services are of a private or brief nature and serve mostly to transport and carry the deceased for cremation.

When visiting hours and a funeral service are part of the arrangement, many families appreciate the option of a rental casket. These caskets are identical in appearance to the burial caskets, yet they function differently. Only the interior shell and bedding of the rental casket is purchased and accompanies the deceased throughout the funeral right to cremation. The exterior shell of the casket serves as ornamentation and is only rented for the period of the funeral. This introduces some practical cost savings and reduces wood combustion in the cremation process.

SCATTERING

Scattering the cremated remains of a loved one is a big decision as it cannot be reversed. Cremated remains are not light weight like wood ash, but are weighty and granular, more like fine gravel. This should be taken into account when scattering as they should not be left on the surface but turned under the ground. Your own private property may be used for scattering, but other's property is off limits. Common land can be used for this purpose with discretion. This is a decision that should be discussed with all concerned, and the option of scattering a portion and allowing for the interment of the balance of the cremated remains in a cemetery where your loved one can be memorialized is worth consideration.

Most urns are also available in a smaller keepsake size as a way of keeping a portion of remains if burial or scattering is chosen.

URN VAULTS

Urn vaults are used to contain the urn for burial. This provides protection for the urn, prevents the urn from shifting with ground frost and helps identify the parameters of the burial space in the lot.

Make it Personal

Even the smallest touch can make a big difference in personalizing your funeral services. There is no right or wrong when it comes to remembering your loved one and honouring their life, accomplishments, and individuality.

Personalization isn't just about marking your loved one's individuality. It also allows family and friends to feel comforted by the services and experience their connection to the life being honoured. A memorable and meaningful service can be an important part of the healing process for those who are coping with a loss. We work closely with you to get to know your loved one's life story and consider ways to represent your bond and pay tribute to their unique journey.

Your Ideas

We would love to help you bring to reality any ideas you may have to personalize the funeral of a loved one. Let us know if you have specific ideas and we will do our best to figure out the logistics to make it happen.

MEMORY COLLAGES

We can provide memory boards for the display of snapshot photos and other memorabilia. These encourage conversations of special times and happy memories and provide a valuable time together for the family as they prepare the tribute.

SPECIAL MUSIC

Everyone has a special song or piece of music that carries deep associations and memories. We can play your recorded music (we'll find it for you if you don't have it), or arrange a live performance. Live musical tributes can include bagpipers, buglers, harpists, organists, pianists or a soloist, to name a few.

A FITTING SEND-OFF

We can arrange for a special send-off by having a horse-drawn hearse to take your loved one from the service to the cemetery. We can also arrange for a motorcycle hearse or a beautifully restored 1940 Packard hearse.

COMPLIMENTARY LIVESTREAMING

Do you have family or friends out of town, who may not be able to attend the service in person? Allow us to live-stream the funeral or memorial service in our Chapel, so that every important person has an opportunity to gather virtually and say goodbye from afar. Ask us about how we can set this up for your family.

Celebrant Services

EVERY LIFE IS WORTH REMEMBERING

WHAT IS A FUNERAL CELEBRANT?

A Celebrant is a person who is trained and certified to meet the needs of families during their time of loss. A Celebrant serves by providing a funeral service that is personalized to reflect the personality and life-style of the deceased.

WHY USE A CERTIFIED CELEBRANT?

The training for Celebrants established by the In-Sight Institute seeks to provide the most comprehensive and sensitive training available. It is important that you and your family know that you are being served by someone who understands the process and is prepared to offer the very best service possible.

WHAT DOES A CERTIFIED CELEBRANT OFFER THE FAMILY?

A Celebrant has been specifically trained to design a service for your loved one that is completely personal, incorporating those unique stories, songs and

experiences that defined the loved one. A Celebrant will schedule a special Family Time for your family to share memories, anecdotes and special moments in the loved one's life. The essence of the service will be based upon the remembrances of the family. The Celebrant will consult with you to help design a service that best reflects and memorializes the life of your loved one. The Celebrant can serve at a funeral service, memorial service, graveside service, anniversary tribute, tree planting, bench dedication or any other gathering designed to honour the deceased.

WHAT IS THE COST?

The Celebrant will spend approximately 10 hours in preparation for your service as well as the expense of maintaining a resource library and on-going training. The average cost for the Funeral Celebrant Services is \$325 plus H.S.T. and may be added to your funeral service account.

PERSONALIZED STATIONERY..... \$395

We will also create personalized stationery to help honour your loved one. We will help you choose from over 500 themes that pay tribute to different hobbies, interests, careers and nature. We work with you to incorporate favourite photos, poetry, or biographies so that the stationery becomes something more than just a guest register book and cards. It becomes a precious keepsake recording an important event for your family.

The stationery package includes a register book, memorial cards, laminated bookmarks for the family, a candle, and thank you cards.

COMPLIMENTARY LIFE-STORY PHOTO SLIDESHOWS

We don't remember days, we remember moments.

We often have families tell us that the process of going through and selecting favourite photos is incredibly meaningful. Each photo brings back a different memory, and with each memory comes a story. Allow us to help you compile those photos, memories and stories by creating a complimentary LifeStory Slideshow DVD.

All we need is around 50 photos and three or four favourite pieces of music, and we will create a beautiful tribute that we can show during the visitation and funeral. It will also become a treasured keepsake for your family.

Engraving, Monuments & Markers

Placing a memorial at the gravesite of a loved one is a unique way to honour a life lived. By etching our loved one's name in a permanent place on a bronze or granite piece, we find solace in permitting the ongoing expression of the name by which we knew them and now remember them.

FLAT MARKERS

BRONZE

GRANITE

We will meet with you at the funeral home, or at your home if that is easier, to help you design a granite or bronze monument or flat marker. We hope that meeting with the people you already know, in an environment and location with which you are familiar, will also make this easier for you.

Every cemetery has different bylaws regarding monuments and markers, so we can advise you about what will be allowed at your gravesite. Certain cemeteries only allow one type of marker, so that the cemetery is very uniform, but others are more flexible in what they allow. This information might be helpful to you when choosing a cemetery as well. We will also help you order the pouring of the foundation at the cemetery.

YOU MAY WISH TO CONSIDER THE FOLLOWING QUESTIONS WHEN PLANNING A MARKER OR MONUMENT:

- What colour granite would you prefer?
- What size would you like the monument or marker to be? How many names will be engraved on the memorial?
- How would you like the names to appear on the memorial?
- Would you like any personal photos, or any designs to be included?

THE DESIGN PROCESS WORKS LIKE THIS:

We meet with you to design and sketch out your memorial. A line-drawing or proof is made up, and sent to you by e-mail or regular mail. Any changes may still be made until you are 100% happy with the design. At that point, the order is placed. A typical timeframe is 8-12 weeks from the time of order to installation in the cemetery, at which time we will inform you that it has been completed.

A deposit of half the amount is required at the time of order, with the balance due once it has been installed.

Here are a few of the granite colours available.
Ask to see the complete collection.

ENGRAVING ON EXISTING MONUMENTS OR MARKERS

Let us take care of additional engraving, which is done on-site. Our engraver will match any existing text. Please ask your funeral director for a quote, which is based on the amount of characters to be engraved.

LIFE'S QR

Talk to us about adding a distinctive metal plaque containing a unique QR code to your new or existing monument. The code will direct visitors to a memorial page, which you can edit and add to whenever you like. A one-time fee ensures that your online memorial will be hosted for generations to come, alleviating any concerns about additional costs.

Funeral Preplanning

Funeral planning as a part of estate planning is a responsible decision. Whether facing the imminence of death in the family, or making responsible arrangements for your estate and affairs, there is great benefit in discussing funeral arrangements in advance for yourself or a loved one.

Let's talk about it in the comfort of your own home or at our location, at a time that is convenient for you. We can present you with a range of funeral services and merchandise, which is tailored to suit your traditions, beliefs and budget, in a confidential and pressure-free manner. There is no cost or obligation.

PLAN AT YOUR OWN PACE.

Ask for our complimentary Plan at Your Own Pace booklet by calling or emailing us. The booklet will allow you to give meaningful thought to what kind of funeral arrangements would be helpful for your family. Then, when you're ready, we would be honoured to meet with you to answer any of your questions, and help you record your wishes.

WHY SHOULD YOU PLAN AHEAD?

Pre-planning offers a number of benefits:

- **Pre-planning gives you, as well as your family, peace of mind. Pre-planning leaves our loved ones with a clear idea of your wishes and intentions.**
- **Pre-planning offers an opportunity for you and your spouse to carefully weigh all the options, and make decisions together, without the emotion of a recent death.**
- **Should you wish to pay for the funeral ahead of time, you will know that your family will be relieved of the financial burden associated with the funeral arrangements. Everything will be looked after.**

HOW DO YOU PAY FOR FUNERAL ARRANGEMENTS AHEAD OF TIME?

There are many options for setting aside funds to cover funeral costs. Paying today means that the costs associated with the arrangements are guaranteed. That means that even though costs will rise over the years, you and your family will not have to pay anything more. There are many options to pay in installments, with pre-authorized debit, or credit card payments. Talk to us about what might work best for you.

GUARANTEED TRAVEL ASSURANCE PLAN

Are you planning to travel at all? Transporting remains from elsewhere back home can be a costly endeavour. Enrolling in the Guaranteed Travel Assurance Plan means that the costs and logistics of repatriation will be looked after. You simply pay a one-time fee of \$525, and you will be covered. This plan covers any expenses when a death occurs anywhere over 100kms from home.

COMPLIMENTARY

Family Care Program

Most people don't think about the day after a funeral. That's why we do. For most of us, there will never be a day quite like the one following a funeral. With fewer distractions, the reality of loss seeps into places we didn't know existed. People around us ease back into their routine.

It's hard to imagine how anyone could think clearly – or even care – about the many things that need to be taken care of following a funeral.

THAT'S WHERE FAMILY CARE STEPS IN.

We offer Family Care because we know it makes a difference to families who have entrusted us with their loss. A trained Family Care counselor helps you begin the healing process by providing valuable “hands-on” assistance with many of the tasks (large and small) that must be dealt with.

HERE IS WHAT YOU CAN EXPECT FROM FAMILY CARE:

Beneficiary changes, notifying the appropriate government agencies and timely insurance claims are among the most pressing matters facing a survivor, and may impact your financial well-being.

Some things, left undone, have the potential to complicate your life if not addressed in a timely manner.

Want us to make phone calls? Need us to get a claim in the works? That's what we'll do. And if you're not sure where to start, we'll help you determine a plan of action.

We provide a record of every phone call made on your behalf, including promises – from forms in the mail to answers that are in the works – will be noted for your reference.

There is follow-up too. We promise future help, such as filling out forms as they come in, so you can be assured we will check in with you periodically.

For more information see pages 48 and 49.

Family Care

The following list will give you an idea of the ways in which we are prepared to help. Our practice is to arrange for a time to meet with you within a week after the funeral. And, because we know there will be many things on your mind, you need only plan for an hour or so.

CANADA PENSION AND OLD AGE SECURITY

Application for lump sum death benefit and survivor income continuance

RETIREMENT AND PENSIONS

Private, provincial, or federal application for survivor benefits

INSURANCE

one. There is no right or wrong way to grieve, but when grieving starts interfering with your regular routine, you may wish to consider accessing a bereavement support group.

A bereavement support group provides a comfortable setting in which you can discuss your feelings with people who are going through a similar experience and are better able to understand and help.

The grief process is a difficult task. It is hard work, but you do not have to do it alone.

Grief is a process we all go through in our own way. Kitching, Steepe & Ludwig offers a resource to those who wish to benefit from the caring and understanding of a support group experience

WHAT DOES THE GROUP DO?

1. The general goal is to work through the grief process so that you are able to emerge into your new life after loss.
2. The group is set up to meet the needs of its individual members.
3. The process is to educate, inform,

support and share with others going through the grief process

4. Topics will include the experience of loss, the funeral and its impact, conflictual feelings and emotions, exploring the whys of your grief, common myths about grief, relationship dynamics and changes among survivors, resources and social supports, grieving in a community that may not acknowledge grief, and beginning to live with loss.

GROUP SESSIONS AND REGISTRATION

WHEN AND WHERE ARE THE SESSIONS?

10 week group sessions are held in the Fall, Winter, and Spring every Wednesday evening in the Kitching, Steepe & Ludwig Family Centre (146 Mill Street North). The complimentary sessions run from 7:00 – 9:00 p.m.

HOW TO REGISTER FOR THE GROUP

SUPPORT AFTER SUICIDE BEREAVEMENT DROP-IN SUPPORT

The death of a loved one by suicide presents special problems in grieving. There is a safe place in our community for survivors (family and loved ones of suicide victims) to share their loss with others who are experiencing similar thoughts and feelings.
