The term “protective” and “non-protective” which may be found in some printed material provided by the manufacturer, were chosen by the manufacturer and do not constitute or imply a representation or warranty by the funeral home. However, certain caskets offered for sale by this funeral establishment may be of better-quality construction and comprised of more durable material than others. This funeral establishment nor any of its employees represent or imply that any casket will be airtight or watertight or will provide long-term presentation of the human remains.

GENERAL POLICIES

Disinterment – Our minimum professional fee is \$125.00. This includes the necessary family conferences, coordinating with the cemeteries, grave service companies, arranging for transportation and obtaining all the necessary permits and authorizations. All grave service charges and transportation charges will be handled as a cash advance. We reserve the right to add additional charges for professional services which require more of our time or to adjust for discounted packages.

Un-embalmed Bodies – Texas statute provides that all bodies not disposed of within twenty-four hours after death must be either embalmed or refrigerated. If you do not want embalming, we can arrange for refrigeration. You may have a funeral service with an un-embalmed body present, but under no circumstance will we allow a **public** viewing of an un-embalmed body. Only **immediate family** will be allowed to view an un-embalmed body. Additional service fees may be applied.

Infant Services – The death of an infant is sudden and extremely traumatic for a young family. To minimize financial burden, the funeral home will have a charge starting at \$650.00. Please consult a Funeral Director to select the services you wish to have. (*Infant and youth caskets and outer burial enclosure price lists are available at the funeral home.*)
