FOXFIELD SERVICE PACKAGE

2026

This service package was created specifically for individuals who own plots in Foxfield Preserve. It includes only the basic services a family may need from the time of death until burial, including transportation, refrigeration, and filing of the death certificate.

This package does not include the following services: facility use for viewing or services, funeral directing, assistance with planning a service, obituary writing, flowers or stationary. Families who would like any of these services should consider working with a different funeral home.

For more information or to see our General Price List, please contact us at the number below.

SERVICE MAP

1. Within 50 miles (included)
2. 50-100 tmiles +$350
3. Elsewhere in Ohio +$700

At times, we may engage another funeral home or transport service to assist with transportation.

For home deaths, families have the option to delay funeral home transport to give time for home vigil. In accordance with Ohio law the deceased must be refrigerated (<40° F) within 48 hours of death.

Clothing for the deceased can be sent along at time of transport or dropped off at our facility in the "Clothing Drop-off Box" no later than the day prior to burial.

We require payment in full before transport from the place of death.

We retain the right to refuse service if the legal next of kin cannot be located or is unwilling to make arrangements, if the collective next of kin are unable to agree on arrangements, or if financial, legal or other obligations have not been met with us or with Foxfield Preserve.
