Needham-Storey-Wampner is a family owned and operated business that has proudly served Grant County and the surrounding areas since 1892. We believe that every life is special and deserves to be remembered. We are committed to serving all with dignity and compassion. To that end, we offer a diverse array of goods and services which are sensitive to the personal preferences and financial situations of those we serve.

Please feel free to ask the members of our staff for further explanation of our services and charges. The goods and services shown within are those we can provide to your family. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Payment Policy

Because we have an obligation to the community to see that our business continues to operate in a fiscally responsible manner, and to ensure that our prices remain reasonable and affordable, we offer the payment options described below.

Unless the funeral bill is being paid with an existing prepaid trust or a verifiable insurance assignment, payment is expected prior to services being rendered and prior to publication of the obituary.

CASH ADVANCE ITEMS

As part of our services, we offer to assist in the planning and purchase of goods and services provided by third parties. Payment for these items is requested at the time of arrangement. At times, we will only have an estimate of some of these amounts at the time of arrangement. The purchased will be responsible for paying for the actual costs of these items. Cash advance items paid by credit card or an insurance assignment will incur a 4% service fee.

There is a minimum service fee of $125 for insurance assignments under $5,000.

FORMS OF PAYMENT

Prepaid Funeral or Insurance Trust: If the goods and services have been prepaid either at Needham-Storey-Wampner Funeral Service or another Indiana funeral establishment, no payment will generally be due unless items are added or upgraded. This provision does not apply to prepaid cash advances. If items of goods and services are added or upgraded at the arrangement conference, payment for those items is requested at the time of arrangement. If the cash advance items exceed the amount of available funds, payment of those amounts are the responsibility of the purchaser and payment is requested at the time of arrangements.

Insurance assignment: Our staff is happy to assist you with processing any life insurance claims, whether the policy proceeds are being assigned to pay for the funeral bill, or as a courtesy.

Other forms of payment: We accept cash, cashier checks (preferred), all major credit cards, ACH bank drafts, and personal checks.

Crowdfunding and Other Financing: You may choose to use crowdfunding or third party financing. In those circumstances, payment in full is expected prior to the provision of goods and services. We are unable to assist with establishment of a crowdfunding account. Because we are not regulated like the banking industry, we cannot establish credit terms and arrange for payment plans.

Medicaid or Township Trustee: We work closely with the Indiana FSSA which administers Medicaid, and with township Trustees within Grant County. These are possible options for for those who meet the qualifications of the FSSA or the township trustee. The funds provided by FSSA and township trustees are limited as are the services we provide when funding is provided from one of these sources.

Outer Burial Container Price List
These prices are effective as of January 2, 2025, but are subject to change without notice.

In most areas of the country, state or local law does not require that you purchase a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements, Vaults are designed to resist the entrance of outside elements such as water, air, dirt, or other elements.

When an outer burial container is purchased, a vault setting fee will be incurred through the cemetery. The prices for this setting fee will vary from cemetery-to-cemetery, the time of day, the day of the week, and other selections made by the purchaser.

Disclaimer of Warranties: Needham-Storey-Wampner Funeral & Cremation Service makes no representations or warranties regarding the outer burial containers listed below. The only warranties, expressed or implied, granted in connection with caskets sold are the express written warranties, if any, extended by the manufacturers thereof. Needham-Storey-Wampner Funeral & Cremation Service hereby expressly disclaims all warranties, expressed or implied, relating to caskets, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose.

Outer Burial Container Price List
These prices are effective as of January 2, 2025, but are subject to change without notice.

In most areas of the country, state or local law does not require that you purchase a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements, Vaults are designed to resist the entrance of outside elements such as water, air, dirt, or other elements.

When an outer burial container is purchased, a vault setting fee will be incurred through the cemetery. The prices for this setting fee will vary from cemetery-to-cemetery, the time of day, the day of the week, and other selections made by the purchaser.

Disclaimer of Warranties: Needham-Storey-Wampner Funeral & Cremation Service makes no representations or warranties regarding the outer burial containers listed below.
